COURSE DESCRIPTION
Emory’s Ski and Learn Dental Seminar will provide timely and practical information that you can take back to your office for immediate application.

REGISTRATION DATES AND TIME
Sunday, 1/15/2017 - 3:00 pm – 5:00 pm
Monday, 1/16/2017 - 6:30 am – 7:00 am
(Course material and name badges will be available at registration)

REGISTRATION FEES
All registration fees include tuition, course materials, continental breakfasts and a welcome reception on Tuesday at 5:00 pm.

Dentists:
By December 1, 2016 $700
After December 1, 2016 $800

Auxiliary / Other Healthcare Professionals:
By December 1, 2016 $475
After December 1, 2016 $525

CANCELLATION POLICY
If a course is filled or cancelled, Emory will refund the full tuition. Cancellations prior to January 1, 2017 will be refunded less a $100 administration fee. No refunds will be given after this date.

WHO SHOULD ATTEND
Dentists, dental hygienists, and dental assistants. All members of the dental team will benefit from this clinically focused program.

EDUCATIONAL METHODS
Illustrated lectures and discussion.

CONTINUING DENTAL EDUCATION CREDITS
Emory University School of Medicine is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Emory University School of Medicine designates this live activity for 16 continuing education credits.

Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

LOCATION
The Sonnenalp is nestled along the Gore Creek in the heart of Vail’s Pedestrian Village. The Sonnenalp features junior suites with gas-log fireplaces, seating areas, and large bathrooms with heated floors. Complimentary basic internet is available.

ACCOMMODATIONS
We are holding reservations for a block of rooms at the Sonnenalp at the following group rate of $349 (plus tax), Junior Suite (single/double) occupancy. You may make room reservations by calling (1-800-654-8312). To insure you receive the group rate, you must identify the group name Emory 37th Annual Ski and Learn Dental Seminar when making reservations. A discounted rate of $409 is offered 3 days before January 15, 2017 and 3 days after January 20, 2017 based on availability.

All reservations must be received before Friday, January 1, 2017 to receive the group rate. Reservations received after this date will be accepted on a space/rate available basis only. A two night non-refundable deposit is due at the time of confirming the reservation. The balance will be due 30 days prior to arrival and is non-refundable.

It is highly recommended you make your reservation as soon as possible, as this rate is available through January 1, 2017 or until the block is sold out, whichever comes first. Hotel rooms in the Emory Ski and Learn room block are reserved for the Emory Ski and Learn program registrants. To assure that our room block is available for meeting registrants, Emory CDE will contact persons reserving rooms to confirm their meeting registration. Cancellations prior to 30 days will forfeit the deposit. Cancellations within the 30 days will forfeit the entire amount of the reservation. All room reservations must be guaranteed for the full length of stay. Early departures and/or late arrivals will be charged the contracted nightly rate per night dropped.

LIFT TICKETS
Lift tickets can be purchased through Vail Resorts either online at www.vail.com or by calling 866-285-8682. Discounted rates are more likely if tickets are purchased at least 30 days in advance. For ski rentals, contact the Bridge Street Ski Haus, 970-476-3332 or call the Sonnenalp concierge for general information at 970-479-5429. Group lift tickets will not be available for purchase through Emory University.

MEETING MATERIALS
In accordance with Emory University’s sustainability initiative, the course handouts/syllabus will be available on an usb flash drive. We are offering handouts via email ahead of time so that you have an opportunity to review them before the meeting. This information will be emailed to you. Conference handouts can be viewed, downloaded and printed from this email. No printed handouts will be available onsite at the meeting, digital only.
MONDAY, JANUARY 16, 2017

7:00-9:00 am  DEMYSTIFYING SEQUENCING OF THE FULL MOUTH REHABILITATION - PART 1
Speaker: Jay S. Smith, DDS

Many clinicians find it difficult to plan and sequence the complex dental restoration. Dr. Smith will outline a systematic method to simplify restoration of these cases. Implant dentistry will be featured as the most beneficial method of tooth replacement. Esthetic considerations along with peri-implant soft tissue development will be featured. The presentation will demonstrate ways to minimize biomechanical complications often associated with implant dentistry as well as a discussion of current materials selection. Multiple case presentations will highlight Dr. Smith’s sessions.

Upon completion of this presentation, the participant should be able to:

- Identify and assess the patient who will be best served with a full mouth reconstruction
- Explain complex functional and esthetic problems with optimum restorative dentistry
- Describe how to sequence full mouth reconstructions in order to schedule the number of appointments that will be required, and determine what to do at each visit
- Determine what records are necessary for the treatment planning of various complex esthetic and functional cases

4:30-6:30 pm  MEDICAL UPDATE FOR DENTISTRY - FROM BISPHOSPHONATES TO BLOOD THINNERS
Speaker: Glenn Maron, DDS

We are all having to deal with an ever expanding array of patients with medical issues as we see the population aging. Just when we think we understand things, they change the rules on us. BRONJ is Now MRONJ, total joint replacement patients no longer need premedication. Patients are still developing Osteoradionecrosis despite our understanding of the cause. Patients on Coumadin and other blood thinners do not always need to stop their medications prior to dental treatment.

Upon completion of this presentation, the participant should be able to:

- Describe the science behind the current management protocols
- Explain when to pre-medicate patients
- Give examples of how to prevent and manage patients who have taken Bisphosphonates
- Discuss the current treatment of ORN

TUESDAY, JANUARY 17, 2017

7:00-9:00 am  DEMYSTIFYING SEQUENCING OF THE FULL MOUTH REHABILITATION - PART 2
Speaker: Jay S. Smith, DDS

5:00 pm  WELCOME RECEPTION

WEDNESDAY, JANUARY 18, 2017

7:00-9:00 am  DEMYSTIFYING SEQUENCING OF THE FULL MOUTH REHABILITATION - PART 3
Speaker: Jay S. Smith, DDS

4:30-6:30 pm  INFLAMMATION, PERIODONTITIS, AND CARDIOVASCULAR DISEASE
Speaker: Thomas Van Dyke, DDS, PhD

Upon completion of this presentation, the participant should be able to:

- Describe the relationship between inflammation and cardiovascular disease and how it is modified by periodontal disease
- Explain the mechanism of action of natural endogenous control of inflammation and its impact on cardiovascular disease progression and cardiovascular events
- Discuss potential modifications of treatment regimens for the patient with periodontitis to control inflammation and how this benefits their cardiovascular status
THURSDAY, JANUARY 19, 2017

7:00-9:00 am  PERIODONTAL DISEASE AND TYPE 2 DIABETES: IS THIS A CONCERN FOR DENTAL PRACTITIONERS?
Speaker: Thomas Van Dyke, DDS, PhD

Upon completion of this presentation, the participant should be able to:
- Explain the biologic basis of the relationship between periodontitis and Type 2 diabetes
- Discuss the why: data relating to the mechanism of action of the periodontitis/diabetes interaction
- Compare and contrast the relationship between obesity, inflammation and Type 2 diabetes and how it impacts your patient’s response to treatment, and whether you can do anything about it.

4:30-6:30 pm  MEDICAL EMERGENCIES IN THE DENTAL OFFICE - PART 1
“Be Prepared”- Preparation for, and Prevention of an Emergency in the Dental Office

Upon completion of this presentation, the participant should be able to:
- Apply knowledge and skills in how to assess patient risk and apply proper treatment planning principles
- Give examples of the complex medical issues that many patients present with in today’s practice
- Identify and avoid potential medical complications before they arise
- Ensure that you and your staff are prepared to deal with the most common medical emergencies that can occur

FRIDAY, JANUARY 20, 2017

7:00-9:00 am  MEDICAL EMERGENCIES - PART 2
(Management of Medical Emergencies in the Dental Office) Just like BLS and CPR training, if you do not practice, you forget. We will go through real life scenarios to sharpen and refresh your ability to treat the most common emergencies that can occur in the office.

Upon completion of this presentation, the participant should be able to:
- Describe the essential elements of an emergency kit
- Demonstrate how to treat common emergencies that can occur in the dental office
- Explain the need for “mock code” drills in your office
