

## 2022-23 EM Award Opportunities

---

### Department of Emergency Medicine

---

#### Emory School of Medicine

#### Annual Faculty Awards and Recognitions Timeline (see the [website](#) for more information)

- **Emory School of Medicine Awards:** Self and/or peer nominations are accepted for these five awards. Specific criteria are available online and links are available on the attached document. Chair nomination/approval is not required.
- **Celebration of Faculty Excellence Ceremony:** Annual awards ceremony recognizes the above SOM awards; senior promotions; clinical distinctions; and achievements in teaching, research and clinical service. Additionally, faculty with significant external awards and honors are recognized along with Hidden Gems. Nominations for these last two categories are solicited from the chair or a designee.
- **Appreciation Days:** Nominations are accepted from peers, staff and learners for recognition on Doctors' Day, Educator Appreciation Day, and Researcher Appreciation Day. In an effort to promote representation across all departments, we may reach out to chairs if no nominations are received from your department. Approval of good standing is required from the Chair at the close of the nomination period.
- **Internal and External Awards:** Our committee oversees the nomination process for many internal and external awards. Departments are encouraged to consider nominating faculty members for these awards as well as awards within your societies and professional organizations. We may occasionally come to you to provide potential names and or letters of support.
- **Affinity Months:** Recommendations for faculty story-tellers are accepted from peers, staff and learners on a rolling basis. Approval of good standing is required from the Chair at the close of the nomination period.

---

#### National Medical Association

- The Practitioner of the Year Award
- The Distinguished Service Award
- The Meritorious Achievement Award
- The Local Society of the Year Award
