

Application Narrative Statement

Please respond to the items below in no more than 5 pages, double spaced, 11pt font or greater. This Narrative Statement must be included with your application packet.

1. Explain how you became interested in pursuing the field of genetic counseling as a career.
2. Discuss your previous exposure to the profession of genetic counseling.
3. Describe your past experiences involving advocacy work, supportive counseling, and/or volunteer activities with individuals with disabilities, genetic conditions, health concerns or disadvantaged circumstances.
4. What personal and academic characteristics do you have that will allow you to successfully complete the Emory Genetic Counseling Training Program?
5. How would you describe the nature and scope of the profession of genetic counseling in contemporary healthcare?
6. Which of the “Focus Internship” areas are you most interested in and why?
