1. Batch work and plan ahead, having items available outside each patient room.
2. Sanitize hands.
3. Put on first pair of gloves.
4. Secure the belt around the waist.
5. Secure the battery on the left side of the belt.
6. Connect the helmet to the battery.
7. Check the LED lights to ensure the battery is fully charged.
8. Put helmet on head and size to fit by turning ratchet knob to adjust the headband.
9. Adjust fan speed to comfort.
10. Disconnect the battery.
11. Take off the helmet and place it inside the PAPR hood.
12. Slide the helmet into the hood until it snaps in the center hole. Snap helmet into the hood on the left and right side snaps of the face shield.
13. Set the assembled PAPR hood aside.
