

**Emory University**

**Serious Communicable Disease Program (SCDP)**

**Project ECHO Program**

**COVID-19 Vaccination: Where Do We Stand?**

**Thursday, May 26, 2022**

**11 AM – 12 PM (EST)**

**Medical Director/Facilitator:** Gavin Harris, MD- *Emory University School of Medicine, Divisions of Pulmonary, Allergy, Critical Care, and Sleep Medicine & Infectious Diseases; Serious Communicable Diseases Program*

**Expert Panelist(s):**

- Evan Anderson, MD – Emory University, Division of Pediatric Infectious Disease
- Andi Shane, MD, MPH, MSc – Emory University and Children’s Healthcare of Atlanta, Division of Pediatric Infectious Disease, Department of Pediatrics
- John Horton, MD - Emory University, Department of Obstetrics and Gynecology

**Target Audience:**

- Anyone interfacing with patients, including EMTs, paramedics, physicians, nurses, pharmacists, hospital administrators, etc., are welcome to attend.

**Clinic Objectives:**

- To review existing data on the management of severe COVID-19 patients
- To provide a review of the newest guidance and disseminate best practices amongst Region 4 in the treatment of severe COVID-19 infections
- To provide an update on investigational agents and forthcoming studies related to the treatment of severe COVID-19 infections

<b>COVID-19 Vaccination: Where Do We Stand?</b>		
Thursday, May 26, 2022 11:00 am – 12:00 pm (EST)		
<b>Time</b>	<b>Topic</b>	<b>Presenter</b>
11:00-11:05	Welcome, Intros, Polls	Harris
11:05-11:10	Situational Report	Harris
11:10-11:25	COVID-19 Vaccination: Where Do We Stand?	Anderson
11:25-11:35	Pediatric Vaccine Cases	Shane
11:35-11:45	Pregnancy and COVID-19: The Answer Is Yes...	Horton
11:45-12:00	Discussion/Q&A <i>(Audience can submit questions and experts will discuss)</i>	Harris, Anderson, Shane, Horton
12:00	Wrap-up, Polls	Harris

This session will be audio and video recorded. Your participation confirms your consent to this recording. If you have any questions please contact [scdp.echo@emory.edu](mailto:scdp.echo@emory.edu).

**Bios:****Dr. Gavin Harris**

Dr. Gavin Harris is a faculty member at Emory University School of Medicine. He is dually appointed in Critical Care Medicine and Infectious Diseases with professional interests in disaster preparedness, rapid diagnostics, biosecurity, and the treatment of high consequence pathogens.

**Dr. Evan Anderson**

Evan J. Anderson is Professor of Pediatrics and Medicine at Emory University School of Medicine. He graduated summa cum laude from Wheaton College, IL after which he pursued his medical degree at the University of Chicago Pritzker School of Medicine. He remained at the University of Chicago for residency in both internal medicine and pediatrics before completing an adult and a pediatric infectious diseases fellowship at Northwestern Memorial and Children's Memorial Hospitals in Chicago. As such, he is board certified in internal medicine, adult infectious diseases, pediatrics and pediatric infectious diseases and splits his clinical care between adults and children. He moved from Northwestern to Emory University in 2012 where is an attending physician at Children's Healthcare of Atlanta in pediatric infectious diseases and Emory University Hospital in adult infectious diseases. He serves as the lead investigator in Georgia for influenza, RSV, and COVID-19 surveillance for the CDC-funded Emerging Infections Program. He is currently one of the multiple PIs of the Emory University Vaccine and Treatment Evaluation Unit (VTEU) and has been intricately involved with COVID-19 vaccine clinical trials in adults and children. He particularly enjoys mentoring trainees at all levels, and has nearly 200 total publications with particular interest in rotavirus, RSV, influenza, COVID-19, early phase vaccine clinical trials, and the power of community protection.

**Dr. Andi Shane**

Dr. Shane is a pediatric infectious disease physician who has a passion for the prevention of infectious disease in children both locally and internationally. Originally from South Africa, she has spent the last 15.5 years of her academic career at Emory University School of Medicine and Children's Healthcare of Atlanta.

She completed her undergraduate degree in the Biological Basis of Behavior at the University of Pennsylvania followed by completion of her MPH at the Mailman School of Public Health at Columbia University in New York City. Her medical education was completed at the Louisiana State University School of Medicine in New Orleans and her pediatric residency and chief residency at the Albert Einstein College of Medicine/ Montefiore in the Bronx, New York. Dr. Shane was an Epidemic Service Intelligence Officer at the Centers for Disease Control and Prevention from 2001-3, a fascinating time to be in engaged in public health. She completed her pediatric infectious disease fellowship at the University of California, San Francisco. She was a KL2 recipient and completed her Master of Science in Clinical Research degree at Emory in 2009.

She currently divides her time among serving as the Division Chief of the Division of Pediatric Infectious Disease, her responsibilities as the Marcus Professor of Hospital Epidemiology and Infection Prevention for the Children's Healthcare of Atlanta system, caring for patients, performing clinical research, teaching, mentoring, and assisting with COVID-19 pandemic response.

### **Dr. John Horton**

Dr. Horton is from small town Louisiana, educated at LSU and trained at the University of Kentucky, Atlanta and Emory have been his home for more than a decade.

Dr. Horton sees both healthy pregnant patients looking for patient-centered care and people for regular yearly well person exams. He also engages pregnant patients who may have a complex medical background to help ensure they get the coordinated care they need. He performs surgery, including procedures to help decrease and manage abnormal bleeding, with balancing surgical options with medical care to give patients the options for care that works best for them and their lives.

As Department of Clinical Director of Operations and Division Director of General Obstetrics and Gynecology for Emory Healthcare Faculty, Dr. Horton works to create a cohesive experience at all practice sites. Our goal is to make sure people are cared for with respect and individualized attention that is coordinated through a single medical information and treatment system. Whether delivering a baby at one of our maternity centers or scheduling robotic surgery, our team works to communicate people's needs to provide compassionate care.

Dr. Horton grew up in a farm town of 2000 people and never lost a love of knowing neighbors and community. His love for the city drew him to Atlanta where he lives in Midtown with his partner, and they are in close proximity to the parks and all the activities Atlanta provides.

In support of improving patient care, this activity has been planned and implemented by Emory University and Project ECHO®. Project ECHO® is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

JOINTLY ACCREDITED PROVIDER™  
INTERPROFESSIONAL CONTINUING EDUCATION

### **AMA Designation Statement**

Project ECHO® designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### **ANCC Designation Statement**

Project ECHO® designates this live activity for a maximum of 1.0 ANCC contact hour. Nursing contact hours will be awarded for successful completion of program components based upon documented attendance and completion of evaluation.

This session will be audio and video recorded. Your participation confirms your consent to this recording. If you have any questions please contact [scdp.echo@emory.edu](mailto:scdp.echo@emory.edu).

## **Disclosure Statement**

Project ECHO®, in compliance with the ACCME Standards for Integrity and Independence in Accredited Continuing Education, requires that anyone who is in a position to control the content of an educational activity disclose all relevant financial relationships they have had within the last 24 months with an ineligible company.

None of the planners and presenters for this educational activity have relevant financial relationship(s) to disclose with ineligible companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

Gavin Harris, MD

Sharon Vanairsdale, DNP, APRN, ACNS-BC, NP-C, CEN, FAEN, FAAN

Yasmin Thornton, MPH

Allison Klajbor, MBA

John Horton, MD

The following planners / presenters listed below have disclosed that they have a relevant financial relationship with an ineligible company.

	<u>Nature of Relationship</u>	<u>Name of Ineligible Company</u>
Aneesh Mehta, MD	Grant/Research Support	ASPR, NIH, CDC
Evan Anderson, MD	Safety Monitoring Board	Kentucky BioProcessing, Inc. and Sanofi Pasteur
	Grant/Research Support	MedImmune, Regeneron, PaxVax, Pfizer, GSK, Merck, Sanofi Pasteur, Janssen, and Micron
	Consultant	Pfizer, Sanofi Pasteur, GSK, Janssen, and Medscape
Andi Shane, MD, MPH, MSc	Meeting Presenter	International Scientific Association for Probiotics and Prebiotics

All of the relevant financial relationships listed for these individuals have been mitigated.
