UNIVERSITY
SCHOOL OF
MEDICINE

2022 ANTIMICROBIAL RESISTANCE AND THERAPEUTICS DISCOVERY TRAINING PROGRAM FELLOWSHIP SYMPOSIUM

Monday, May 23, 2022
2:45 PM to 4:45 PM
Via Zoom

Pooja Srinivas
PhD Candidate in Molecular and Systems Pharmacology
"Lost in translation: Developing antibiotics against bacterial ribosome rescue"

Cassandra Schrank
PhD Candidate in Chemistry
"Slaying Superbugs: The Exploration into Membrane Perturbation and disruption of Metal Homeostasis"

Keynote Speaker

Dr. Squire J. Booker
Evan Pugh Professor of Chemistry, and of Biochemistry and
Molecular Biology
Eberly Family Distinguished Chair in Science
"Taking a Hit for the Team: Self-sacrifice as a Strategy for tRNA Methylation"

Sponsored by:

Department of Microbiology and Immunology and the Emory Antibiotic Resistance Center
