# Project ImPACT

Project ImPACT is an evidence based program for children with social and communication delays. Learn how to provide caregivers with a roadmap they can use to help their child communicate, engage, and learn.

- **Join our FREE training**
- **Get certified**
- **Earn CEUs**
- **Get valuable workbooks and resources**
- **Give your families tools that work**

"Most of the programs and training that I go through are the same thing, different words. That's why I like [Project ImPACT] so much because … it really made it simple and enjoyable, and it made it easy to apply to all my confusing kids."
