

## Spring 2024 Program Schedule

### **Clinical Groups**

Clinical groups focus on several therapeutic areas decided by the interests and needs of the members. These areas may include, but are not limited to social skills, executive functioning, independent living, vocational skills, self-awareness, relationships & dating, and more! Members are placed within groups based on learning and cognitive profile, age, shared passions, level of therapeutic support needed, personality, and personal goals. myLIFE groups use a variety of campus spaces (e.g., fitness center, library, campus garden, business school, cafeteria, and more)!
