

**Second Year Curriculum for Development II: Spring 2020**  
**Co-Teachers: Dr. Samuel Brown, Dr. Shannon Croft**  
**8:00pm Tufts house Tuesday nights**

**Jan 7th**

The first session will be discussing adult development in the context of the movie BOYHOOD. Please come having seen the movie with an eye to discussing themes of development throughout the life span.

Please note for all future classes papers will assigned at the previous class and presented by those who have prepared each paper. When you are presenting, please do not simply review in a blow-by-blow manner the details of the paper. Instead we would like you to explain the “main point” of the paper as it relates to development, point out interesting details in the paper, highlighting controversies or things you disagree with, and generally lead discussion.
