

FASD NATIONAL PARTNER NETWORK

OVERVIEW

CDC funds nine organizations to build a national partner network (NPN) that

- reduces prenatal alcohol and other substance exposure
- increases early recognition of and intervention for people with fetal alcohol spectrum disorders (FASDs)
- amplifies living experiences and representation of people with FASDs
- improves support services, access to care, and health of people with FASDs

INTERDISCIPLINARY COLLABORATION TO ADDRESS FASDs ACROSS THE LIFESPAN

- American Academy of Family Physicians (AAFP)
- American Academy of Pediatrics (AAP)
- American College of Obstetricians and Gynecologists (ACOG)
- University of Alaska Anchorage (UAA) with Association of Women's Health, Obstetric, and Neonatal Nurses (AWHONN) + National Association of Nurse Practitioners in Women's Health (NPWH)
- University of Nevada, Reno (UNR) with American Association of Medical Assistants (AAMA)
- University of Texas at Austin (UT-Austin) with National Association of Social Workers (NASW)
- Montana State University (MSU) with National Association of County and City Health Officials (NACCHO)
- FASD United
- Oak Ridge Associated Universities (ORAU)

NPN members develop champions from within their own organizations to help accomplish NPN goals.

You can promote evidence-based messages and apply communication best practices by using materials and resources at [bit.ly/FASD-NPN!](https://bit.ly/FASD-NPN)
