

Dear Michael Winkler:

Thank you for using the ASRT Request for Approval service. We appreciate your business.

The following activities have been approved for Emory Radiology Cardiovascular Computed Tomography Workshop and Review:

Reference No.	Cat.	Activity Title	Start Date	Expires	Credit
GAD00560019	A	Third Annual Southeast Workshop for Cardiovascular CT Imaging	5/30/2026	6/1/2026	16

This approval letter serves as a record for the sponsor and is not proof of a participant's attendance. You can find information on maintaining records and certificate requirements on our [CE sponsor information page](#).

As part of the ASRT approval process, we now perform complimentary final certificate reviews for our RFA customers. Send a copy of your final certificate to certificatereview@asrt.org and we will review it free of charge to ensure it will be accepted by ARRT.

If you have questions or concerns, please call 800-444-2778 x 1906 or email rfa@asrt.org.

Now that we've approved your activities, you can promote them to more than 330,000 R.T.s by including them in the ARRT's database of CE activities. R.T.s today are likely to use this database as their primary source for finding CE activities that meet ARRT's education requirements. Listing your activities is easy - and it costs you nothing. Visit [ARRT's Sponsor webpage](#) to get started or call ARRT's Continuing Education Coordinator at 651-687-0048 x 8555 for more information.

Questions? We're here to help.
