

The Hepler lab, in collaboration with Dr. Peter Friedman (Univ of Pittsburgh) received a new multi-PI NIH R01 award entitled:

## “RGS14 Regulation of Hormone-sensitive NPT2A-mediated Phosphate Transport”

The new award examines novel roles for RGS14 in the regulation of phosphate metabolism by kidney, and its contribution to chronic kidney disease (CKD)

John R. Hepler, Ph.D.  
Emory

Peter Friedman, Ph.D.  
Pittsburgh
