Global Outreach Traveling Resident Award to Visit, Experience and Learn (GO-TRAVEL)

Established by the Emory Medical Alumni Board, GO-TRAVEL supports Emory residents on an international clinical rotation experience. Each year, an award of \$2,500 will be granted to an applicant to encourage participation in international training opportunities and support their educational advancement. The award will help defray some of the expenses associated with international travel.

Applications for the 2025 Go Travel Award will be accepted in the fall.
