

# WHSC Library

The **Woodruff Health Sciences Center Library (WHSC Library)** offers a broad range of services and resources that support medical education, biomedical research and clinical care. Comprehensive print and electronic collections of books and journals are accessible via web services and [discoverE](#), the University online library catalog. All major works can be found in permanent and course reserves, housed at the Information Desk. Library services include assistance with information and knowledge management, project management, use of multiple information sources for problem solving, biomedical imaging, and access to data sets.
