Proof of eligibility to work in the United States.</li></ol> <p>See <a href="https://med.emory.edu/departments/pediatrics/divisions/autism/psychology/apply.html">https://med.emory.edu/departments/pediatrics/divisions/autism/psychology/apply.html</a> for additional details.</p>	

## Internship Program Admissions

**Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:**

The [Children's Healthcare of Atlanta](#) is Georgia's leading pediatric healthcare provider with three hospitals and multiple neighborhood locations. For more than 100 years, our purpose has been the same: making kids better today and healthier tomorrow. The Children's Healthcare of Atlanta is associated with Emory University School of Medicine, Department of Pediatrics. Interns are employed by Emory University and leased to Children's Healthcare of Atlanta.

The Internship offers a tailored curriculum providing didactic and clinical training designed to meet the skill level and learning objectives of each intern. The internship offers the opportunity to match in one of seven tracks. Although they emphasize distinct areas of practice, all tracks endeavor to (A) train providers with the core skills required to provide clinical assessment and treatment services, to children and families, (B) create a learning environment where people effect treatment, research, and teaching characterized by respect, openness, and compassion toward others, and (C) foster skills, values, and awareness that promote the application of research science to innovate clinical practice within a pediatric medical clinic.

We are interested in highly qualified applicants who have a demonstrated commitment to clinical and research interests relevant to work with children with pediatric populations. Applicants must be enrolled in a doctoral program in School, Counseling, or Clinical Psychology at a regionally accredited institution of higher education and must have completed at least three years equivalent of full-time graduate-level study by the start of the internship. Our internship follows the selection guidelines and procedure of the Association of Psychology Postdoctoral and Internship Center ([APPIC](#)), and thus application materials are not accepted directly by the program. In the APPIC match process, successful candidates will match with one Track, although they may list multiple Tracks on their match rank-order list.

**Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:**

Total Direct Contact Intervention Hours	Yes		Amount: 500 (intervention + assessment)* * Exceptions made due to COVID-19
Total Direct Contact Assessment Hours	Yes		Amount: 500 (intervention + assessment)* * Exceptions made due to COVID-19

**Describe any other required minimum criteria used to screen applicants:**

n/a
