

Dorian Lamis, PhD, ABPP

Introduction:

I am an Associate Professor in the Department of Psychiatry and Behavioral Sciences and a board certified clinical Psychologist. I provide direct clinical and administrative services in the Grady Memorial Hospital Outpatient Behavioral Health Clinic (BHC). I work clinically with underserved patients diagnosed with serious mental illness and are at-risk for suicide and/or other self-harm behaviors. I also direct the Bipolar Clinic and Research Program (BCRP) at the Grady Outpatient BHC, where I provide assessments and interventions to patients diagnosed with bipolar disorder.

Areas of expertise:

My research focuses on mood disorders, substance use, and suicide prevention in a variety of populations. I have published over 160 peer reviewed articles and book chapters on these topics.

Relevant personal details:

In my spare time, I enjoy running, traveling, golf, watching my favorite sports teams (Georgia Bulldogs, Atlanta Braves), and seeing live music.

Approach to mentoring and availability:

As a clinician educator, I truly value the opportunity to provide high quality clinical training and research mentorship to junior faculty to prepare them for successful careers in academia.
