

Justine Welsh, MD

Introduction:

I am an Associate Professor; Vice Chair of Child, Adolescent, and Young Adult Services; and Director, Addiction Services, Emory Healthcare. I split my time between administration, clinical care, and research.

Area(s) of expertise:

My research has focused on enhancing access to evidence-based treatments for substance use disorders across the lifespan. I am passionate about advocacy and currently Chair the Public Policy Committee for the American Academy of Addiction Psychiatry. I have also worked with the CDC around stigma reduction and medical education on addiction treatment.

Relevant personal details:

I have two children.

Approach to mentoring and availability:

I'm available for short or long-term mentoring needs and am happy to speak about personal and professional goals.
